

Pedelec 1.1 titan L

Page 1 of 1

Technologies

- Double shell In-Mold for durable fusion of the outer shell and the shock absorbing helmet material (EPS)
- Deep temple and neck protection
- Zoom Evo Adult - precise adjustment system with handy wheel
- Size adjustment via half ring made of robust and flexible plastic for ideal stability and adaptability
- Big, highly positioned LED rear light with 180° visibility
- Removable and washable padding
- Soft touch straps easy to adjust by practical sliders
- Rain cap integrated in the helmet
- Foamed in fly net
- Special lower edge protection against wear
- High passive safety thanks to very intense reflectors
- Fidlock magnetic lock
- Removable visor
- Very good ventilation with 9 air inlets and 4 outlets

Usage

- Adult and youth helmet for pedelec, city, commuting and everyday use

Tips

- This innovative helmet is particularly suited for the uses of pedelecs in the city
