

# My first ABUS 1505/55 pink

## Technologies

- 5/32" thick steel cable, extra soft braided, prevents the cable from springing back when opened
- Playfully easy handling for children with an automatic cylinder which closes on both sides
- Child-friendly ergonomics of the key and lock body
- Specially suited children's design in three color options
- Two keys with a colourful keyring are included in the scope of delivery

## Tips

- This children's lock is also available as a chain lock
- My First ABUS is ideal for use as a children's training lock
