

# Provogue 305 Shadow black

Page 1 of 1

## Technologies

- 13/64" steel bolt
- The bolt is made of specially hardened steel
- The lock body is made from impact-resistant metal casting
- Rubber-coated surface
- Comfortable automatic locking thanks to the big closing button
- ABUS quality cylinder with user-friendly reversible key
- Two keys are supplied in the scope of delivery
- Manual cover to protect the keyhole from dirt and corrosion

## Usage

- Basic protection at low theft risk
- Recommended for securing scooters in sight for a short period

## Tips

- To increase security during longer parking times, you should lock your motorbike to a fixed object with an additional lock
- Brake disc locks are a very compact category of motorbike locks and are therefore easy to transport
