

# GRANIT™ 460/150HB230 + Halter USH460

## Technologies

- Hardened 15/32" parabolic shackle
- The shackle, the lock body and the structural parts of the locking mechanism are manufactured using specially hardened steel
- ABUS Extra Class cylinder with coded reversible key

## Usage

- Outstanding protection in situations where there is a medium risk of theft
- Ideal for securing high-cost bicycles
- The longer the length of the shackle, the more easily it can be used to secure a bike to a fixed object

## Tips

- The lock can be ordered with other keyed-alike locks, all of which are operated using the same key or locking method
