

Ball Valve Lockout V448

Seite 1 von 1

VERSATILE AND ADAPTABLE

The two available sizes of plastic ball valve lockouts that cater to almost all types of hand levers.

Our ball valve lockouts ensure enhanced safety during maintenance by effectively securing the valve in the off position. Simply hook in a padlock, and the lock remains firmly attached to the valve handle until all maintenance tasks are completed.

Technologies

- High-quality polypropylene; long-lasting, robust and non-conductive
- Two sizes: Handles for ball valves from 1/2" to 8"
- Well-positioned padlock holes for better grip on the valve

Use and application

- To block most common ball valves

Variants

- V442: Small
- V448: Big
