

SAFETY LOCK

The 72/30 padlock enhances workplace security and organization.

It's heat-resistant, available in various colors, and complements our 74 safety locks. With options for different shackles and the ability to integrate into a locking system, it significantly contributes to employee protection. The key-retaining feature prevents unauthorized access, and its color-coding and laser engravings aid in clear identification and organization. Trust the 72/30 for improved workplace security.
